Training our people

Over 200 companies have staff completing PrintNZ Training programmes. Two employers share their thoughts on the benefits of workplace training below:

“ At Screen Printing Solutions we highly value our customers and feel it is imperative that all staff be put through workplace training. PrintNZ Training provides certification for this and allows individuals to become qualified. The skills and knowledge gained from these programmes is invaluable. ”

Steve Wallace, Screen Printing Solutions

“ Training staff is good for a business. Not only does it provide a young person with a job, at the end of their training you have a competent tradesperson. Every printer in New Zealand should discover the benefits of having an apprentice. ”

Lyn McKeown, Waimea Print

We need your support

Supporting industry training means you are helping us to do our job. Your contribution will be used to:

- Fund events and provide promotional material to promote careers in the printing and packaging industries.
- Explore new developments so qualifications remain relevant to the changing industry.
- Review and update current qualifications.
- Enable us to show tangible industry support to Government (a requirement in our contracts).

We will support you by:

- Promoting your company on the PrintNZ Training website.
- Providing a certificate of support to display in your workplace.
- Ensuring you have access to discounts on training.
